RINGGOLDS DISBAND AFTER HOLDING ANNUAL REUNION

No Place Decided Upon For the Next Meeting.

COL. GREENFIELD PRESENT

Vice President is Named from Each of Various Companies.

After a two days reunion the survivors of the twenty-second battalion of the Ringgold Calvary held their last meeting at Donora this morning and the members left for their homes, without the place or the date being decided upon for the next meeting, and without next year's officers being elected. A committee of three, consisting of J. B. Gibson, C. J. McNulty and J. M. Sutman was appointed to have charge of the election of officers and to arrang for a place for the next reunion.

The last session this morning was taken up with the transaction of business. A resolution in memory of the membersof the battalion who died during the past year and a one thanking the Donora people for their entertainment were adopted. Vice presidents of the reunion association were appointed, one from each company as follows: Company A, Adam Wickerham; Company B, Stephen B. Day; Company, C. J. McNulty; Company D, D. M. Snyder; Company E, D H. Wilson; Company F, Jacob Wise; Company G, Dr. A. Enfield.

One hundred and twenty-six of the famous calvary were present. The parade which was a big feature of yesterday was held in the afternoon. Col. A. J. Greenfield of Chicago, the only surviving regimental officer of the battalion and a former commander, came to attend the reunion.

A camp fire was held last night in the First National bank hall, in charge of Prof F. Clark—Farrar of Allegheny, who is the historian of the regiment. Several addresses were made.

TROLLEY COMPANY GETS EXTENSION

Monongahela Councils Will Again Take Up Street Car Matter.

A temporary extension of time has been granted to the Pittsburg, Monongahela and Washington street railway company by the Monongahela councils for the construction of lines in the city up to the Pigeon Creek valley. The company of whi h George M. Hosack is president made a request that their franchise be extended a year, by which time the company would be able to finish the lines. The temporary extension was for sixty days and the bond of the company has to be extended to meet requirements. In the mean time the ordinance committee of councils will confer on the matter of the permanent extension to report at the next meeting.

A beautiful line of curtains, draperies etc., will be on display and the ladies of Charleroi and vicinity will do well to attend this big sale and demonstration. 2t1

Unearth Precedent in Thanking Umpires

Charleroi Church League Has Something on Them All in Politeness.

The managers of the Charleroi Church baseball league have unearthed a new one that will go down in annals of baseball history as unprecedented. This is a letter to the umpires thanking them for their work the past season. The league officials and members of the gover ing commisson have also been sent letters thanking them for their service.

GAMES DRAW BIG NUMBER

Estimated Total Attendance for Season Was 20,000.

MUCH INTEREST MANIFEST

It is estimated that there was a total attendance of 20,000 persons at all the games of the Charleroi Church League during the season just closed, which extended from May until August 8. According to a report of Treasurer Stuart McKean there was in round numbers $1,000 in paid admissions. This would represent 10,000 present at the various games, and including the ladies which were admitted free and who attended fully as regular as the fans of the opposite sex, there were evidentally 20,000 admitted to the field during the season. This would mean an average attendance of 333 thereabouts every game, during the 60 games played, in this estimate not being included the afternoon contest of the Fourth of July, when there were about 2,000 or 2,500 present.

This estimate which was furnished by Coach "Joe" Masson of the Lutheran team shows that the church league has been a greater success than organized professional ball ever was in Charleroi, and as a means of recreation furnished pleasure to many. People attended this season who before had never witnessed a baseball game and did not know a foul ball from a safe hit.

Banner Collector of Church Funds Begins Long Tour

Miss Lydia Lambert, accompanied by Miss Elsie Hornbake and mother, and Miss Oilve McCue from Coal Centre left this morning on an extensive vacation trip, to visit Detroit, Mich., points in New York state and Atlantic City. Misses Lambert and Miss Hornbake are the guests of the Charleroi Council Knight of Columbus, as the result of a contest conducted by them during the first part of June in collecting money for St Jeromes Catholic church. Miss Lambert collected the largest sum of any individual, something over $700, and thus gained her trip to Atlantic City and other places, with the privilege of taking a friend along.

LIGHTNING KILLS MAN

Strikes Young Mill Employe as He Leaves Factory.

OTHERS FEEL THE SHOCK

In an open field near the plant of the Jessop Steel company at Washington last evening shortly after 5 o'clock during the heavy electric storm which passed over Washington, Louis Dipper, about 22 years old, an employe at the Jessop plant, was struck by lighting and intantly killed. The body was but slightly mutilated, although the clothing was almost torn and burned from the body.

The day's work at the Jessop plant had been completed and the employes were being paid off. Mr. Dipper was among the first to receive his pay and had started to his home in the Eighth ward. He took his usual course across a field toward his home and had gone about 300 yards when the bolt fell. Other workmen who live in the Eighth ward were crossing the field behind Dipper when he was struck. The shock badly stunned those directly behind him. Fellow workmen hastened to Dipper's side when he fell and they soon discovered that he was dead.

According to physicians the bolt struck the young man's forehead, where it left two small black dots, and passed through his body to his feet.

SCHOOL BOARD FILLS VACANCY

One Recently Appointed Teacher Resigns by Telegraph.

At a meeting of the school board last evening, Mrs. Clara Zimmerman of North Charleroi was elected to a vacancy in the seventh grade of the Fifth street building, to take the place of Miss Mary E. Rice who was elected to the position Monday. She telegraphed her resignation.

The building committee was instructed to see that the various rooms of the several schools were disinfected in plenty of time before the beginning of the term, August 29.

GAME TO PAY OFF OLD INDEBTEDNESS

Pittsburg Collegians May be Secured for Contest with Local Stars.

A movement is on foot for the playing of some postseason baseball games in Charleroi, between a star team picked from the Charleroi Church Baseball league, and some other fast aggregation, notably as has been suggested, the Pittsburg Collegians, or a star church league team of some other town. The object of the games would be to raise money to pay off an old baseball indebtedness.

Until this morning the idea of getting the Pittsburg Collegians here for a game was not thought of, but the proposition is now being seriously considered. This bunch consists of star college players residing in the neighborhood of Pittsburg, and wherever they go are a good drawing card. It is understood they can very easily be secured for a game. Many of the players are well known here, a fact that would lend interest. A committee of three, Stuart McKean, "Joe Mason and Willie Kuhn, has the matter in hand. Towns from where a star church league team might be secured are Brownsville, California or Crafton.

Dry Run Road in Bad Condition

Newly Constructed Highway is Said to Need Attention.

The attention of the road supervisors of Carroll township has been called to the dangerous condition of the Dry run road at the stone quarry near Baidland. Quite an excavation was made at this point on Dry run, and teamsters as well as owners of autos have remarked on the dangerous condition left by the contractors but which the township will have to rectify. Guard rails should be placed at this point in order to make it reasonably safe for the traveling public, for should an accident occur under present conditions the township would be liable for damages. Chartiers and North Strabane townships have already provided such safeguards along their improved highways, while other township are preparing to erect them. It is time for Carroll to act before any accident occurs.

STORE AND CONTENTS WRECKED

Large Stock Destroyed by Collapsing Building.

FOUNDATIONS WEAKENED

The collapse of the Hopton and Evans company's building at Donora yesterday destroyed the entire stock of the Racket store, owned by Hopton and Evans and rendered homeless a family who occupied the flat above the store.

The collapse was possiby caused by the excavation for a new three story brick building which was being erected for Faller Brothers by W. A. Kirch, a wellknown contractor The excavations of the Faller building were two feet deeper than the foundation of the Hopton and Evans building and the walls sunk and the building caved in.

Much valuable china, cut glass and bric-a-brac was smashed and rendered useless.

Faller Brothers own a furniture store adjacent the vacant lot and their contractor is at work constructing an addition to their present store.

1807—Robert Fulton's boat, the Clermont, steamed up to Albany. Fulton first became known in the maritime world as the inventor of military torpedoes and submarine war craft. The Clermont, which was to establish steam navigation, was built in New York, but her engine was of English construction. The success of the Clermont was followed by a multiplication of steamboats, and numerous claimants for the honors awarded Fulton as the father of steam navigation were heard from.

Justice, Not Persecution

For driving on the wrong side, for drinking beer or throwing a ball in the sreet, for resenting insult, for a score of trivial things, men and boys have been habitually locked up in New York. And lacking bondsmen they have suffered the ignominy of the cell. The misuse of arrest for blackmail has grown to be one of the great problems of the police says the New York World in speaking of conditions in that city, of the same nature as those existing in nearly every community.

New York city is waking up. After August 15 small offenders provided with identification cards may be summoned to court instead of arrested. This should be the rule whenever minor offenses are charged against persons not likely to run away.

Good must come of the Mayor's insistence that plain clothes men, often used by their superiors to extort money, shall be set patrolling and that arrests of persons who need only caution or direction shall cease. The official mind has measure efficiency by number of arrests. The best police man is he who needs to make few arrests, who stays usefully on his post instead of uselessly running to court.

New York is not alone in discovering that persecution is not justice. The Golden Rule experiments in Cleveland and Chicago and Judge Lindsay's honor system in Denver have proved their case. In Great Britian the Liberal Goverment has just proposed a scheme of reforms mitigating the severity of procedure.

By these humane proposals a person guilty of an offense punishable by fine will not be thrown into jail if without money, but allowed to pay later. If he remains in default he may be set at compulsory drill. For young offenders the curative sentence is to be substituted for punishment; for old offenders committees are to be reformed that will proffer honest work without fear of spies.

Such reforms are most welcome. It is not justice when offense sufficiently required by fine incurs the heavier punishment of prison To put a man in a cell merely to detain him for fine or admonition, or for discharge, is topsy-turvy folly. Public interest will not suffer by judicious change. Not by doing injustice in its name is justice promoted.

Count Your Marcies

"Count your marcies, count your marcies, my dear" was good old Grandmother Comfort's never failing advice when things went wrong with those around her says the Philadelphia Star.

She was not unsympathetic or unkindly: quite the reverse. She was a philosopher in her homely fashion. Her philosophy as from the heart and to the heart. She knew that if she could only get people to count their "marcies" the list would be so long that would crowd out altogether the ills that at first sight loom up so large.

It is a simple, effective remedy for all ills—yes, for the real as well as the fancied ones

Have you lost money and are reduced from comfort to poverty. Then remember the time when plenty and comfort were yours. Many people never know these at all.

You cannot have lost more than you possessed. Think of the possession rather than of the loss. Happy memories at least are still yours, unless you give them up willfully.

Have you seen the grave coldly and grimly close upon a loved one? Then be thankful that you had that loved one as long as you did. Let grief be sweetened and assuaged by gratitude for the joy that you had. Surely grief for a loss cannot overwhelm the joy of having had; for sorrow is but the shadow of a blessing.

Count your "marcies," and the wholesome joy of them will drive away your troubles, as the sunshine dissipates the darkness and the mists.

Economies Effected

One of the government reports that will interest the public is that of Postmaster General Hitchcock showing the economies effected in the last fiscal year in the postal service. The saving in expenditures amounted to about $11,500,000 says the Uniontown News Standard. Of that amount about $1,000,000 was saved in the reorganization of the city delivery force, $1,900,000 on rural delivery, $900,000 on star routes and nearly $2,000,000 in the money order and registry service. In the handling of the mails, including transportation, there was a saving of about $5,500,000. In the previous ten years there was an average annual increase of 8.03 per cent in postal expenditures and of 7.91 per cent in postal receipts. Last year there was an increase of only per cent in expenditures and of 10 per cent in receipts."

FATAL CUPIDITY.

A Tragic Case of Treasure Hunting In Egypt.

A certain Egyptian native discovered the entrance of a tomb in the floor of his stable and at once proceeded to worm his way down the tunnel. This was the end of the man. His wife, finding that he had not returned two hours or so later, went down the newly found tunnel after him. That was the end of her also. In turn three other members of the family went down into the darkness and that was the end of them.

A native official was then called, and lighting his way with a candle, penetrated down the winding passage. The air was so foul that he was soon obliged to retreat, but he stated that he was just able to see in the distance ahead the bodies of the unfortunate peasants, all of whom had been overcome by what he quaintly described as "the evil lighting and bad climate." Various attempts at the rescue of the bodies having failed, we gave orders that this tomb should be regarded as their sepulcher and that its mouth should be sealed up.

According to the natives there was evidently a vast hoard of wealth stored at the bottom of this tomb, and the would be robbers had met their death at the hands of the demon in charge of it, who had seized each man by the throat as he came down the tunnel and had strangled him.—A. Managers and League Officials Consider Past Season Good One

Captain and Managers Pleased With Showing Made by Their Respective Teams--- Surprises Shown.

The following are sentiments expressed by Church league officials and managers of the successful season just closed:

It has been an enjoyable season all through and a good thing for Charleroi —President J. K. Johnston.

There has been a spirit of good sportsmanship and fair mindedness shown which would do credit to any organization.—Vice President W. D. Pollock.

The only baseball league in Charleroi which ever made money—Treasurer Stuart McKean.

The people of Charleroi have surely enjoyed a good summer's sport and we have also enjoyed it all the way—Umpires Jack Mathias and Charlie Byland.

The most successful season of baseball, all things considered our town has ever had—Secretary Paul Rylands.

From a tailender last season to a pennant winner this year, I guess that's going some—Manager McCloskey of the Episcopals.

We worked hard all the way and feel that we deserve the pennant—Captain Billy Kuhn.

We made 'em all hustle some and finished a strong second—Manager Rickey of the Catholics.

Although starting out like sure winners, our team slumped badly in midseason, but finished well enough for third place—Manager Captain "Bobby" McGowan of the Christians.

A very bad start, due to lack of a catcher, put us out of it—but by defeating the Methodists and Baptists each twice, and spliting even with the two Presbyterians and Christians, we fought a good fight—Captain Wertz of the Lutherans.

I give the Episcopals full credit for their sturdy victory, although our protested game should be played off under the rules of baseball. Our Lutheran boys certainly fought gamely, after a very discouraging start and I am proud of the spirit they displayed—Coach "Joe" Mason of the Lutherans.

We showed all the way that our team was a good one and made all our opponents hustle. The loss of three out of our last four games put us out of the running for the pennant. Captain Lance Riggs of the Methodists.

Our team showed themselves loyal and earnest at all stages, and it was a great race all the way with everybody on edge all the time—Manager Booth of the Methodists.

We made a garrison finish the same as last season, although too late to gain a high position in the race. The Church League altogether was a splendid success—Manager Captain Boyd Oiler of the First Presbyterains.

After getting away with a bad start, we played excellent ball for a while, but had trouble keeping our regular lineup intact. I think a monster banquet should be held and every player invited as here is lots of good feeling amongst us all and we'll forget all our little kicks and differences. —Captain-Manager Bert Mitchell of the Washington Presbyterians.

Our team was a new one in the church league but we furnished quite a few surprises and played some good ball too. We had less players to pick from than any other church, but our boys stuck the season out well--Manager Cross of the Baptists.

Couldn't Forget It.

"Saturday night some miscreant lugged off a whole cord of my wood, and I reckon I can't forget about it," declared Silas.

"Have you tried to forget it?" inquired his friend.

"Yes. Sunday morning I went to church, hoping I could get it off my mind, and before I had been there five minutes the choir started in singing 'The Lost Chord.' So I got out." Judge

Reckless Gambling.

"I'm afraid my husband is developing the gambling instinct," sobbed the bride.

"What's the matter, dear? Has he been playing poker?"

"No, but yesterday he offered to match pennies with Brother Plank to determine which one should pay the car fare." Detroit Free Press

Getting Down to Business.

Mistress (to new servant)—There are two things, Mary, about which I am very particular. They are truthfulness and obedience. Mary—Yes'm, and when you tell me to say you're not in when a person calls that you don't wish to see which is it to be, mum—truthfulness or obedience?

Too Clever.

Hotel Clerk—Let me see. You're the Mr. Barne who acts Romeo, aren't you? I think I've seen you climb down from Juliet's balcony. Barne—I am that famous actor, sir. Hotel Clerk—Cash in advance, please. You climb too well for any other terms.—New York Journal.

The Word "Person."

General Benjamin F. Butler, it is said, once asserted that a woman was not a "person," and a London suffragette insists that the word "person" in its legal sense includes woman. The word has had an interesting history. Signifying by etymology something to make a sound through, the Latin "persona" began by meaning an actor's mask with its mouthpiece. Then it meant the character represented by the player—"dramatis personae." Then it came to mean the part or character one sustains in real life, and so the "persona ecclesiae," the man who represented the church, became known as a "person" in a special sense and was eventually spelled as "parson." On the other hand, "person" faded away to mean just anybody. And so, though a woman naturally resents being referred to as a "person" in ordinary talk, many women no less naturally desire to count as "persons" in the eye of the franchise law.—Chicago News

An Artist's Mustache.

The mustache was not viewed with favor in England in the middle of the last century. An anecdote is told of the late Thomas Cooper, the English artist, to illustrate. He was brought before a magistrate in 1846 on some minor charge and was described in the police report as being "fashionably dressed, with large mustaches." The Art Journal of the date, commenting on it, said that "no member of the Royal academy perpetrates the atrocity of mustaches, a most un-English affectation." Mr. Cooper became a member of the academy a few years later.

RINGGOLDS DISBAND AFTER HOLDING ANNUAL REUNION

No Place Decided Upon For the Next Meeting.

COL. GREENFIELD PRESENT

Vice President is Named from Each of Various Companies.

After a two days reunion the survivors of the twenty-second battalion of the Ringgold Calvary held their last meeting at Donora this morning and the members left for their homes, without the place or the date being decided upon for the next meeting, and without next year's officers being elected. A committee of three, consisting of J. B. Gibson, C. J. McNulty and J. M. Sutman was appointed to have charge of the election of officers and to arrang for a place for the next reunion.

The last session this morning was taken up with the transaction of business. A resolution in memory of the membersof the battalion who died during the past year and a one thanking the Donora people for their entertainment were adopted. Vice presidents of the reunion association were appointed, one from each company as follows: Company A, Adam Wickerham; Company B, Stephen B. Day; Company, C. J. McNulty; Company D, D. M. Snyder; Company E, D H. Wilson; Company F, Jacob Wise; Company G, Dr. A. Enfield.

One hundred and twenty-six of the famous calvary were present. The parade which was a big feature of yesterday was held in the afternoon. Col. A. J. Greenfield of Chicago, the only surviving regimental officer of the battalion and a former commander, came to attend the reunion.

A camp fire was held last night in the First National bank hall, in charge of Prof F. Clark—Ferrar of Allegheny, who is the historian of the regiment. Several addresses were made.

TROLLEY COMPANY GETS EXTENSION

Monongahela Councils Will Again Take Up Street Car Matter.

A temporary extension of time has been granted to the Pittsburg, Monongahela and Washington street railway company by the Monongahela councils for the construction of lines in the city up to the Pigeon Creek valley. The company of whi h George M. Hosack is president made a request that their franchise be extended a year, by which time the company would be able to finish the lines. The temporary extension was for sixty days and the bond of the company has to be extended to meet requirements. In the mean time the ordinance committee of councils will confer on the matter of the permanent extension to report at the next meeting.

A beautiful line of curtains, draperies etc., will be on display and the ladies of Charleroi and vicinity will do well to attend this big sale and demonstration. 2t1

Unearth Precedent in Thanking Umpires

Charleroi Church League Has Something on Them All in Politeness.

The managers of the Charleroi Church baseball league have unearthed a new one that will go down in annals of baseball history as unprecedented. This is a letter to the umpires thanking them for their work the past season. The league officials and members of the gover ing commisson have also been sent letters thanking them for their service.

GAMES DRAW BIG NUMBER

Estimated Total Attendance for Season Was 20,000.

MUCH INTEREST MANIFEST

It is estimated that there was a total attendance of 20,000 persons at all the games of the Charleroi Church League during the season just closed, which extended from May until August 8. According to a report of Treasurer Stuart McKean there was in round numbers $1,000 in paid admissions. This would represent 10,000 present at the various games, and including the ladies which were admitted free and who attended fully as regular as the fans of the opposite sex, there were evidentially 20,000 admitted to the field during the season. This would mean an average attendance of 333 thereabouts every game, during the 60 games played, in this estimate not being included the afternoon contest of the Fourth of July, when there were about 2,000 or 2,500 present.

This estimate which was furnished by Coach "Joe" Masson of the Lutheran team shows that the church league has been a greater success than organized professional ball ever was in Charleroi, and as a means of recreation furnished pleasure to many. People attended this season who before had never witnesssed a baseball game and did not know a foul ball from a safe hit.

Banner Collector of Church Funds Begins Long Tour

Miss Lydia Lambert, accompanied by Miss Elsie Hornbake and mother, and Miss Oilve McCue from Coal Centre left this morning on an extensive vacation trip, to visit Detroit, Mich., points in New York state and Atlantic City. Misses Lambert and Miss Hornbake are the guests of the Charleroi Council Knight of Columbus, as the result of a contest conducted by them during the first part of June in collecting money for St. Jeromes Catholic church. Miss Lambert collected the largest sum of any individual, sometning over $700, and thus gained her trip to Atlantic City and other places, with the privilege of taking a friend along.

LIGHTNING KILLS MAN

Strikes Young Mill Employe as He Leaves Factory.

OTHERS FEEL THE SHOCK

In an open field near the plant of the Jessop Steel company at Washington last evening shortly after 5 o'clock during the heavy electric storm which passed over Washington, Louis Dipper, about 22 years old, an employe at the Jessop plant, was struck by lighting and intantly killed. The body was but slightly mutilated, although the clothing was almost torn and burned from the body.

The day's work at the Jessop plant had been completed and the employes were being paid off. Mr. Dipper was among the first to receive his pay and had started to his home in the Eighth ward. He took his usual course across a field toward his home and had gone about 300 yards when the bolt fell. Other workmen who live in the Eighth ward were crossing the field behind Dipper when he was struck. The shock badly stunned those directly behind him. Fellow workmen hastened to Dipper's side when he fell and they soon discovered that he was dead.

According to physicians the bolt struck the young man's forehead, where it left two small black dots, and passed through his body, to his feet.

SCHOOL BOARD FILLS VACANCY

One Recently Appointed Teacher Resigns by Telegraph.

At a meeting of the school board last evening, Mrs. Clara Zimmerman of North Charleroi was elected to a vacancy in the seventh grade of the Fifth street building, to take the place of Miss Mary E. Rice who was elected to the position Monday. She telegraphed her resignation.

The building committee was instructed to see that the various rooms of the several schools were disinfected in plenty of time before the beginning of the term, August 29.

GAME TO PAY OFF OLD INDEBTEDNESS

Pittsburg Collegians May be Secured for Contest with Local Stars.

A movement is on foot for the playing of some postseason baseball games in Charleroi, between a star team picked from the Charleroi Church Baseball league, and some other fast aggregation, notably as has been suggested, the Pittsburg Collegians, or a star church league team of some other town. The object of the games would be to raise money to pay off an old baseball indebtedness.

Until this morning the idea of getting the Pittsburg Collegians here for a game was not thought of, but the proposition is now being seriously considered. This bunch consists of star college players residing in the neighborhood of Pittsburg, and wherever they go are a good drawing card. It is understood they can very easily be secured for a game. Many of the players are well known here, a fact that would lend interest. A committee of three, Stuart McKean, "Joe Mason and Willie Kuhn, has the matter in hand. Towns from where a star church league team might be secured are Brownsville, California or Crafton.

Erret Myers, Well Known Bookkeeper, Victim to Dread Disease Following Brief Illness.

Dry Run Road in Bad Condition

Newly Constructed Highway is Said to Need Attention.

The attention of the road supervisors of Carroll township has been called to the dangerous condition of the Dry run road at the stone quarry near Baidland. Quite an excavation was made at this point on Dry run, and teamsters as well as owners of autos have remarked on the dangerous condition left by the contractors but which the township will have to rectify. Guard rails should be placed at this point in order to make it reasonably safe for the traveling public, for should an accident occur under present conditions the township would be liable for damages. Charltiers and North Strabane townships have already provided such safeguards along their improved highways, while other township are preparing to erect them. It is time for Carroll to act before any accident occurs.

Noted Correspondent of London Paper Here For a Brief Visit

Percival Phillips, the well known London newspaper man and famous war correspondent, is at Brownsville on a short visit to his mother, Mrs. Anna Phillips of Church street. It has been several years since Mr. Phillips visited his old home.

For almost ten years Mr. Phillips has been one of the great journalists of London, serving all of that time on the London Daily Express, one of the best and most progressive of the British newspapers.

During these ten years Mr. Phillips has been assigned to the Russo-Jap war, the Jamaican horror of some years ago, and other happenings of world wide interest, while he always accompanied the late King Edward on his continental tours. On the death of King Edward he was assigned to the important task of writing the funeral and attendant ceremonies. He has been around the world in a newspaper capacity, starting first on a visit to Greece during the Graeco-Turkish hostilities. Later he served in important capacities on all the Pttsburg papers, assuming his duties in London after a thorough experience in the United States.

STORE AND CONTENTS WRECKED

Large Stock Destroyed by Collapsing Building.

FOUNDATIONS WEAKENED

The collapse of the Hopton and Evans company's building at Donora yesterday destroyed the entire stock of the Racket store, owned by Hopton and Evans and rendered homeless a family who occupied the flat above the store.

The collapse was possiby caused by the excavation for a new three story brick building which was being erected for Faller Brothers by W. A. Kirch, a wellknown contractor. The excavations of the Faller building were two feet deeper than the foundation of the Hopton and Evans building and the walls sunk and the building caved in.

Much valuable china, cut glass and bric-a-brac was smashed and rendered worthless.

Faller Brothers own a furniture store adjacent the vacant lot and their contractor is at work constructing an addition to their present store.

CAREFUL EDITING SHOWS IN HAWAIIAN ISLAND NEWSPAPER

A copy of the Pacific Commercial Advertiser, a morning newspaper published in the city of Honolulu, Hawaii, was given to the Mail yesterday by C. B. Copeland of Eighth street, whose son Will W. Copeland is in the Hawaiian islands, doing duty for Uncle Sam. The paper is a very neatly gotten up publication, and bears more evidence of brilliant and critical editing than some of the large city newspapers of the states. The principal article is concerning the defeat of the prohibition cause in a recent election. Will W. Copeland is the official scorer for the Marine baseball league, consisting of baseball teams from the various companies.

1807—Robert Fulton's boat, the Clermont, steamed up to Albany. Fulton first became known in the maritime world as the inventor of military torpedoes and submarine war craft. The Clermont, which was to establish steam navigation, was built in New York, but her engine was of English construction. The success of the Clermont was followed by a multiplication of steamboats, and numerous claimants for the honors awarded Fulton as the father of steam navigation were heard from.

Justice, Not Persecution

For driving on the wrong side, for drinking beer or throwing a ball in the sreet, for resenting insult, for a score of trivial things, men and boys have been habitually locked up in New York. And lacking bondsmen they have suffered the ignominy of the cell. The misuse of arrest for blackmail has grown to be one of the great problems of the police says the New York World in speaking of conditions in that city, of the same nature as those existing in nearly every community.

New York city is waking up. After August 15 small offenders provided with identification cards may be summoned to court instead of arrested. This should be the rule whenever minor offenses are charged against persons not likely to run away.

Good must come of the Mayor's insistence that plain clothes men, often used by their superiors to extort money, shall be set patrolling and that arrests of persons who need only caution or direction shall cease. The official mind has measure efficiency by number of arrests. The best policeman is he who needs to make few arrests, who stays usefully on his post instead of uselessly running to court.

New York is not alone in discovering that persecution is not justice. The Golden Rule experiments in Cleveland and Chicago and Judge Lindsay's honor system in Denver have proved their case. In Great Britian the Liberal Govement has just proposed a scheme of reforms mitigating the severity of procedure.

By these humane proposals a person guilty of an offense punishable by fine will not be thrown into jail if without money, but allowed to pay later. If he remains in default he may be set at compulsory drill. For young offenders the curative sentence is to be substituted for punishment: for old offenders committees are to be reformed that will proffer honest work without fear of spies.

Such reforms are most welcome. It is not justice when offense sufficiently required by fine incurs the heavier punishment of prison To put a man in a cell merely to detain him for fine or admonition, or for discharge, is topsy-turvy folly. Public interest will not suffer by judicious change. Not by doing injustice in its name is justice promoted.

Count Your Marcies

"Count your marcies, count your marcies, my dear" was good old Grandmother Comfort's never-failing advice when things went wrong with those around her says the Philadelphia Star.

She was not unsympathetic or unkindly: quite the reverse. She was a philosopher in her homely fashion. Her philosophy as from the heart and fo the heart. She knew that if she could only get people to count their "marcies" the list would be so long that would crowd out altogether the ills that at first sight loom up so large.

It is a simple, effective remedy for all ills—yes, for the real as well as the fancied ones

Have you lost money and are reduced from comfort to poverty. Then remember the time when plenty and comfort were yours. Many people never know these at all.

You cannot have lost more than you possessed. Think of the possession rather than of the loss. Happy memories at least are still yours, unless you give them up willfully.

Have you seen the grave coldly and grimly close upon a loved one? Then be thankful that you had that loved one as long as you did. Let grief be sweetened and assuaged by gratitude for the joy that you had. Surely grief for a loss cannot overwhelm the joy of having had; for sorrow is but the shadow of a blessing.

Count your "marcies," and the wholesome joy of them will drive away your troubles, as the sunshine dissipates the darkness and the mists.

Economies Effected

One of the government reports that will interest the public is that of Postmaster General Hitchcock showing the economies effected in the last fiscal year in the postal service. The saving in expenditures amounted to about $11,500,000 says the Uniontown News Standard. Of that amount about $1,000,000 was saved in the reorganization of the city delivery force, $1,800,000 on rural delivery, $900,000 on star routes and nearly $2,000,000 in the money order and registry service. In the handling of the mails, including transportation, there was a saving of about $5,500,000. In the previous ten years there was an average annual increase of 8.03 per cent in postal expenditures and of 7.91 per cent in postal receipts. Last year there was an increase of only per cent in expenditures and of 10 per cent in receipts."

FATAL CUPIDITY.

A Tragic Case of Treasure Hunting In Egypt.

A certain Egyptian native discovered the entrance of a tomb in the floor of his stable and at once proceeded to worm his way down the tunnel. This was the end of the man. His wife, finding that he had not returned two hours or so later, went down the newly found tunnel after him. That was the end of her also. In turn three other members of the family went down into the darkness and that was the end of them.

A native official was then called, and lighting his way with a candle, penetrated down the winding passage. The air was so foul that he was soon obliged to retreat, but he stated that he was just able to see in the distance ahead the bodies of the unfortunate peasants, all of whom had been overcome by what he quaintly described as "the evil lighting and bad climate." Various attempts at the rescue of the bodies having failed, we gave orders that this tomb should be regarded as their sepulcher and that its mouth should be sealed up.

According to the natives there was evidently a vast hoard of wealth stored at the bottom of this tomb, and the would be robbers had met their death at the hands of the demon in charge of it, who had seized each man by the throat as he came down the tunnel and had strangled him.—A. W. F. Hennings Desires to Announce that He is the Agent for Thompsons Barosma, the Money-Back Kidney and Liver Cure

There are hndreds of people, young and old, right here in Charleroi who are taking medicines for various ailments, who do not even suspect that the kidneys are to blame.

These sufferers do not know that in all probability their kidneys are all clogged up, are inflamed or congested, and are unable to properly filter the impurities from the blood.

It is the kidneys that keep the blood pure, and if the kidneys are not in good condition, disease of the organs of the body will surely develop.

Thompson's Barosma will cure any disease of the kidneys or W. F. Hennings will give you your money back.

Don't say, dear reader, that your kidneys are all right, for if you suffer from lame back or side, from backache, dizziness, pains that come and go as quick as a flash or if you have that "all-in-don't care-what-happens" feeling, then your kidneys are clogged up, and you need Thompson's Barosma to thoroughly cleanse, renovate and purify them.

If you are in ill-health now, and are not absolutely certain of the cause, get a 50 cent bottle of Thompson's Barosma at Hennings today. It will tone up your nerves, liver and bladder in a week.

It is the best investment you can make. It is worthy of a trial in our guaranteed plan. Ask for Thompson's Barosma. The dollar bottle contains more than twice as much as the fifty cent size.

Managers and League Officials Consider Past Season Good One

Captain and Managers Pleased With Showing Made by Their Respective Teams--- Surprises Shown.

The following are sentiments expressed by Church league officials and managers of the successful season just closed:

It has been an enjoyable season all through and a good thing for Charleroi —President J. K. Johnston.

There has been a spirit of good sportsmanship and fair mindedness shown which would do credit to any org nization.—Vice President W. D. Pollock.

The only baseball league in Charleroi which ever made money—Treasurer Stuart McKean.

The people of Charleroi have surely enjoyed a good summer's sport and we have also enjoyed it all the way—Umpires Jack Mathias and Charlie Byland.

The most successful season of baseball, all things considered our town has ever had—Secretary Paul Rylands.

From a tailender last season to a pennant winner this year, I guess that's going some—Manager McCloskey of the Episcopals.

We worked hard all the way and feel that we deserve the pennant—Captain Billy Kuhn.

We made 'em all hustle some and finished a strong second—Manager Rickey of the Catholics.

Although starting out like sure winners, our team slumped badly in midseason, but finished well enough for third place—Manager Captain "Bobby" McGowan of the Christians.

A very bad start, due to lack of a catcher, put us out of it—but by defeating the Methodists and Baptists each twice, and spliting even with the two Presbyterians and Christians, we fought a good fight—Captain Wertz of the Lutherans.

I give the Episcopals full credit for their sturdy victory. although our protested game should be played off under the rules of baseball. Our Lutheran boys certainly fought gamely, after a very discouraging start and I am proud of the spirit they displayed—Coach "Joe" Mason of the Lutherans.

We showed all the way that our team was a good one and made all our opponents hustle. The loss of three out of our last four games put us out of the running for the pennant. Captain Lance Riggs of the Methodists.

Our team showed themselves loyal and earnest at all stages, and it was a great race all the way with everybody on edge all the time—Manager Booth of the Methodists.

We made a garrison finish the same as last season, although too late to gain a high position in the race. The Church League altogether was a splendid success—Manager Captain Boyd Oiler of the First Presbyterains.

After getting away with a bad start, we played excellent ball for a while, but had trouble keeping our regular lineup intact. I think a monster banquet should be held and every player invited as here is lots of good feeling amongst us all and we'll forget all our little kicks and differences. —Captain-Manager Bert Mitchell of the Washington Presbyterians.

Our team was a new one in the church league but we furnished quite a few surprises and played some good ball too. We had less players to pick from than any other church, but our boys stuck the season out well—Manager Cross of the Baptists.

Couldn't Forget It.

"Saturday night some miscreant lugged off a whole cord of my wood, and - mehow I can't forget about it," declared Silas.

"Have you tried to forget it?" inquired his friend.

"Yes. Sunday morning I went to church, hoping I could get it off my mind, and before I had been there five minutes the choir started in singing 'The Lost Chord,' so I got out."—Judge.

Reckless Gambling.

"I'm afraid my husband is developing the gambling instinct," sobbed the bride.

"What's the matter, dear? Has he been playing poker?"

"No, but yesterday he offered to match pennies with Brother Frank to determine which one should pay the car fare." Detroit Free Press.

Getting Down to Business.

Mistress (to new servant)—There are two things, Mary, about which I am very particular. They are truthfulness and obedience. Mary—Yes'm, and when you tell me to say you're not in when a person calls that you don't wish to see which is it to be, mum—truthfulness or obedience?

Too Clever.

Hotel Clerk—Let me see. You're the Mr. Barne who acts Romeo, aren't you? I think I've seen you climb down from Juliet's balcony. Barne—I am that famous actor, sir. Hotel Clerk—Cash in advance, please. You climb too well for any other terms.—New York Journal.

The Word "Person."

General Benjamin F. Butler, it is said, once asserted that a woman was not a "person," and a London suffragette insists that the word "person" in its legal sense includes woman. The word has had an interesting history. Signifying by etymology something to make a sound through, the Latin "persona" began by meaning an actor's mask with its mouthpiece. Then it meant the character represented by the player—"dramatis personae." Then it came to mean the part or character one sustains in real life, and so the "persona ecclesiae," the man who represented the church, became known as a "person" in a special sense and was eventually spelled as "parson." On the other hand, "person" faded away to mean just anybody. And so, though a woman naturally resents being referred to as a "person" in ordinary talk, many women no less naturally desire to count as "persons" in the eye of the franchise law.—Chicago News.

An Artist's Mustache.

The mustache was not viewed with favor in England in the middle of the last century. An anecdote is told of the late Thomas Cooper, the English artist, to illustrate. He was brought before a magistrate in 1846 on some minor charge and was described in the police report as being "fashionably dressed, with large mustaches." The Art Journal of the date, commenting on it, said that "no member of the Royal academy perpetrates the atrocity of mustaches, a most un-English affectation." Mr. Cooper became a member of the academy a few years later.
